Assignment 0
Manuel — UM-JI (Spring 2019)

- A LaTeX file compiling with errors will not be graded
- Submit the pdf and LaTeX versions inside an archive of type tar, zip, or rar
- Add any referenced article to the archive
- Follow the group submission guidelines
- Any work that fails to comply with the previous requirements will be ignored

In this informal assignment you are requested to:

1. Write a five to ten lines summary of your research project;
2. Find a partner to exchange you work with;
3. Paraphrase your partner's work;
4. Discuss each other's work;
5. Write an improved version based of the best ideas of both versions;

Important note: although this is an informal assignment that will not graded, it is important to do it well since it will be used as a basis for assignment 6.
